Kaiko: Kaiko is proud to partner with D2X, an EU-regulated derivatives exchange, to provide custom reference rates for its upcoming Bitcoin and Ether futures contracts, set to launch in Q2 2024.

This cooperation enables institutional investors to confidently gain exposure to crypto assets via a trusted and regulated derivative offering.

Working with D2X, we constructed the D2X Kaiko Rates, designed to help promote the integrity of the settlement price with a methodology that discourages manipulative conduct and pricing anomalies.
